Plant a Sapling

The Department of Economics celebrated World Environmental day on June 5, 2023. The department ushered in a novel initiative, the 'Plant a Sapling' endeavor as a continuation of PRO PRAKRITI and this initiative stands as an exquisite byproduct of Eco Green and Eco Blue Initiatives, which are an exemplar of the department's best practices, harmoniously inherited from the Cath Green Initiative of our esteemed institution. The department orchestrated an enlightening orientation for this visionary venture during an association meeting convened on June 2, 2023.

Plant a Sapling initiative is a noble gesture whereby students contribute a sapling to the department on their birthdays. The sapling is nurtured and delicately planted within the idyllic environs of the department. This profoundly meaningful activity resonates both in collective unity and individual benevolence as students partake in its realization.
