ENVIRONMENT DAY CELEBRATION- TREE PLANTATION

Environment Day is celebrated worldwide on 5th June every year. We celebrated this day with several activities. Department of Hindi organized a tree planting event on 05/06/2023. The students from various classes actively participated in this event. The students, along with the teacher's plant Guava tree in the campus. HOD Dr. Sanu Thomas talked about how planting trees helps to regulate the temperature and absorb all the carbon dioxide from the air. Coordinator Dr. Laija P J talked about how planting trees helps to make the surroundings greener and how trees serve as homes to many birds and animals. She also suggested that every student should at least plant one tree per year as it will help the world to fight against global warming.
