1.4.1 Action Taken Report

1.4.1 Action Taken Report : The IQAC analysed and discussed feedback from all stakeholders including students, faculty, parents, alumni and employers. Based on the findings and recommendations related to infrastructure facilities and curriculum delivery processes, the IQAC decided to present the matter to the college council.

ACTION TAKEN REPORT - ALUMNI FEEDBACK

The feedback collected from alumni indicates that the college has successfully met their aspirations and demonstrates strong potential in both academic and non-academic areas. However, some concerns were raised in specific aspects of the college's offerings.

In response to the adequacy of the career-oriented syllabus for employment, **8%** of alumni disagreed. Similarly, **10%** disagreed regarding the career orientation within the syllabus. When asked about the institution's and department's role in personality development, **8%** of alumni expressed dissatisfaction. Additionally, **5%** disagreed with the perceived role of the institution in enhancing students' confidence. Concerns were also noted regarding the institution's overall role in fostering growth.

In light of this feedback, the IQAC reviewed the issues and proposed several recommendations. To address the concerns about career orientation, the IQAC suggested that departments should organize add-on courses to better meet the future needs of students. It also recommended that the university make necessary changes to the syllabus to enhance its career orientation. To support character building, the IQAC advised organizing seminars and workshops. Additionally, to boost students' confidence, the IQAC recommended that faculty organize more departmental programs. Furthermore, to improve placement opportunities, career guidance, and mentorship, the IQAC suggested increasing the number of related activities. These recommendations aim at strengthening the college's role in supporting student development and career readiness.
