1.4.1 Action Taken Report

1.4.1 Action Taken Report : The IQAC analysed and discussed feedback from all stakeholders including students, faculty, parents, alumni and employers. Based on the findings and recommendations related to infrastructure facilities and curriculum delivery processes, the IQAC decided to present the matter to the college council.

ACTION TAKEN REPORT - TEACHERS FEEDBACK

The feedback collected from teachers revealed a highly positive overall response. However, a few areas of concern were noted. Specifically, **20%** of teachers reported that they were unable to complete the syllabus within the stipulated time before examinations. Additionally, **17%** of teachers felt that there was insufficient time to introduce new developments. Concerns were also raised about the question paper pattern; **20%** of teachers believed it was not effective in assessing the students' complete knowledge.

In response to these concerns, the IQAC took several actions. To address the issue of timely syllabus completion, the IQAC recommended that the university review the syllabus and ensure that an action plan is prepared to facilitate its completion within the designated timeframe. For the introduction of new developments, the IQAC decided to implement a time schedule to better accommodate these updates. Regarding the question paper pattern, the IQAC recommended evaluating its effectiveness and making necessary changes to improve its alignment with the assessment of comprehensive student knowledge. Additionally, the IQAC decided to invest in essential infrastructure as needed and to recommend necessary changes to the course content to ensure it remains intellectually stimulating.
