1 Objective

The objective of the survey is to:

- Understand the expectations and requirements of our students.
- Determine how well the college satisfies these expectations and requirements.
- Develop service and standards based on our findings.
- Examine trends over time to act on a timely basis.
- Establish priorities and standards to judge how well we meet our goals.

2 Introduction

Catholicate College, Pathanamthitta founded in 1952, has a rich legacy of almost seven decades in redefining higher education and revitalizing the academic aspirations of the region. The institution is affiliated to Mahatma Gandhi University, Kottayam and is guided by the motto “Fear of the Lord is the beginning of wisdom.” It imparts value-based education aimed at the holistic and intuitive growth of the individual to fulfil the vision of creating an educated and enlightened society. Sprawling across a lush eco-friendly campus, the college has an impressive infrastructure which houses fourteen departments, eight research centres and offers fourteen PG Courses, thirteen UG Courses, five Self Financing Courses and a number of Add-on Courses to complement the conventional courses. In the third phase of NAAC re-accreditation, the college has been reaccredited by the National Assessment and Accreditation Council in A+ Grade with a CGPA of 3.60.

The Student Satisfaction Survey was conducted in May 2020 by the Internal Quality Assurance Cell to improve quality of the college by incorporating inputs from the students. The survey was conducted based on a questionnaire, designed using the online survey administration suite, Google Forms. The responses to the questions were collected on a four-point scale. The findings of the survey are analysed in the following sections of the document.

Our students are generally satisfied with the over-all performance of the institution. The summary of the survey is given in the table below:
