INTRODUCTION

Catholicate College, one of the pioneer and oldest educational institutions in Kerala, located in the heart of Pathanamthitta city, was inaugurated by Sri Chithira Thirunal Balarama Varma, the then Maharaja of Travancore, in August 1952. With a rich legacy of seven decades, our college plays a pivotal role in the socio-economic development of the region, and the College has an eco-friendly campus in all respects. Education focuses on imparting knowledge skills and overall development of the students, and therefore, the college focuses on the student's intellectual, physical, social and spiritual well-being. To mould students as responsible citizens is our prime concern, and as a result, programmes in the form of lectures, seminars, debates, Quiz programmes, workshops, etc., are organised throughout the year to create awareness among the students. Also, these programmes helped the students to be aware of various contemporary social issues of the world.

Add on and Certificate courses are conducted for acquiring additional knowledge and skills. Regular and periodic counselling, remedial classes, tutorial sessions, mentoring, Peer teaching programmes, career guidance, etc. are also provided to promote rigorous learning. The research output from the college is a testimony of our academic excellence. The students of the college are from various socio- economic stratas of the society. Most of the students belong to the urban areas of Pathanamthitta, but there are many from the rural areas, too. Since rural life poses many challenges, those students who belong to lower economic and social backgrounds require financial assistance. So, financial help is required to enable them to undertake or to complete their education. To ensure the active participation of these students, they are awarded scholarships under various categories such as merit, merit cum means, economic means, excellence in sports and NCC activities. The Institution also provides ample opportunities for students from different streams to mingle together in academic as well as sports, cultural and other extracurricular activities organised through different societies and clubs. The spirit of mutual work, discipline, and social responsibility towards community development and nation-building are inculcated through NSS, NCC, etc. Our institution also contributes to women empowerment by organising various activities under the aegis of Gender Sensitization and Women Cell. The nature care and environmental awareness are also well promoted by the Institution.

DISTINCTIVENESS

1. Safety & Security

The 24x7 CCTV Surveillance and full time presence of security guards in campus make the students more secure in the campus. The institution is surrounded by compound wall round the campus. The entire campus is monitored by CCTV cameras installed at different locations inside the campus.

2. ERP-COMPLETE COLLEGE MANAGEMENT SYSTEM

Total Campus Solution (TCS), complete ERP software is used for the smooth functioning of the college. It has plenty of features such as attendance, examination, staff management, student management, internal mark entry, etc.

Total Campus Solution
